

Ibrahim Khaled Gamal Shehata

AI / Machine Learning Engineer | Data Scientist

ibrahimkhaled911@gmail.com | 01114613259 - 01027575206 | Cairo, Egypt

linkedin.com/in/ibrahimkhaled911 | github.com/IbrahimKhaled911

Professional Summary

AI/ML Engineer with strong experience in machine learning, deep learning, data analysis, and statistical modeling. Skilled in designing, training, and deploying ML models using Python-based frameworks. Adept at transforming data into actionable intelligence, developing predictive algorithms, and applying state-of-the-art AI techniques across real-world problems. Brings strong analytical thinking, problem-solving skills, and an academic foundation in Data Science. Seeking an AI/ML Engineer position to build intelligent systems, optimize model performance, and contribute to innovations in AI.

Technical Skills

Machine Learning & Deep Learning: Scikit-Learn, TensorFlow, Keras, PyTorch | Classification, Regression, Clustering, Ensemble Models | CNNs, RNNs, LSTMs, YOLO Object Detection | Feature Engineering, Model Tuning, Hyperparameter Optimization | Time Series Forecasting, Computer Vision, Neural Network Architectures, NLP, LLMs

Programming & Data Tools: Python, R | SQL, PostgreSQL | Pandas, NumPy, Matplotlib, Seaborn | Web Scraping, APIs

Data Analysis & Visualization: Excel, SPSS, Minitab | Power BI, Tableau | Google Analytics

Software & Other Skills: Git & GitHub | Agile & Scrum | ETL, Data Cleaning, Data Pipelines

Education

- **Academic Master's in Data Science** – Cairo University, 2025 (*In Progress, Expected 2027*)
- **Academic Diploma in Data Science** – Cairo University, 2023 - 2025
- **Bachelor of Management Information Systems** - Madina Academy, 2013 - 2017

Professional Experience

Scrum Master

08/2022 – Present | Cairo, Egypt

MATN

- Facilitated Agile ceremonies including Daily Standups, Sprint Planning, Reviews, and Retrospectives.
- Improved team productivity and delivery through Agile coaching, workflow optimization, and continuous improvement.
- Mentored developers on Agile practices, collaboration, and engineering workflows.
- Supported cross-functional teams in resolving dependencies and aligning delivery timelines.
- Enhanced team efficiency by supporting process improvements and best engineering practices.

Vodafone Egypt

- Diagnosed and resolved internet connectivity issues, modem/router configuration problems, and quality-of-service concerns.
- Guided customers through installation, troubleshooting, and configuration of ADSL equipment.
- Monitored service outages and provided customers with real-time status updates.
- Addressed billing and account-related inquiries, ensuring clear communication and customer satisfaction.
- Escalated complex issues to specialized engineering teams and documented technical resolutions.

Projects

Google Landmark Recognition (Kaggle)

- Implemented image retrieval and landmark recognition using search algorithms and computer vision methods.

Cryptocurrency Time Series Forecasting (Kaggle)

- Developed CatBoost regression models to predict price movements of the top 14 cryptocurrencies using live trading data.

Deep Learning Projects

- Built CNN architectures for image classification (CS231n content).
- Implemented YOLO-based object detection models for recognition tasks.
- Developed LSTM models for sequential and time-series prediction.

Certificates

- AI Career Essentials (AiCE) – ALX
- Data Science Diploma (ML & AI) – Space Code Academy
- Data Analysis Diploma – Space Code Academy
- Professional Data Scientist Certificate – DataCamp
- Google Analytics Certification – Google
- Google Data Analytics Professional Certificate – Coursera (*In Progress*)
- IBM Data Science Professional Certificate – Coursera (*In Progress*)
- Deep Learning Specialization – Coursera (*In Progress*)
- Stanford Machine Learning Specialization – Coursera (*In Progress*)

Languages

– Arabic: Native (C2) | English: Intermediate (B1) | German: Beginner (A1)

Soft Skills

– Analytical Thinking | Problem Solving | Communication | Team Leadership | Adaptability
